

## About Us

Energia Group was formed with a vision to provide solutions through power rental services to complete Middle East. Continuing to operate as one of leading power rental services company, initiated International Trading Division in view to expand the operations and increase the activities. We are an ISO 9001-2015 certified company.

Energia International Procurement Services is an International Trading Division with extensive experience in worldwide sourcing and supplying of MRO Spares and other manufacturing related equipment. Not only Supply, we have in-house warehouse, maintenance workshop with skilled workforce and infrastructure.

Strategically located in Jubail, Jeddah and Riyadh we are able to accommodate customers in the Kingdom of Saudi Arabia and Middle East, building a fast and flexible communication bridge between customers and suppliers

With decades of hands-on international trading experience team, we have gained comprehensive know how of industrial markets and their respective market players, both buyers and sellers. Based on our years of knowledge, we also support our customers in their efforts of analyzing and cost saving potential. An international network of contacts and partners complements our expertise that we use according to the special requirement of our customers.
